

The background of the book cover is a deep black space filled with celestial bodies. In the upper right, a large, detailed planet with a yellowish-orange horizon and dark, cratered surface is visible. To its left, a smaller, similar planet is partially shown. In the lower left, a ringed planet, resembling Saturn, is partially visible with its rings glowing. A bright, star-like object with a lens flare is positioned in the center-left. Numerous small, distant stars are scattered across the dark expanse.
